## Submit Abstracts

The organisers invite prospective authors to submit an abstract related to the conference sessions and topics. Abstracts **should not exceed 300 words in length (= about 3.000 characters)** and should only be submitted online through the conference website. Please indicate whether an oral presentation or a poster is preferred. Also indicate if your contribution is thought for the side event with a strong focus on commercialisation. Time for oral presentations will be 20 minutes including a five minutes discussion.

**For 1 Registration Fee authors can submit only 1 Abstract.**

**Deadline** for the submission of abstracts is **15 February, 2012**.

## Venue

Hunguest Hotel Palota Lillafüred; Miskolc-Lillafüred; Hungary

## Travel by car

Miskolc is located near the motorway M30. From Budapest you must drive on motorway M3 and after 150 km travelling turn on the motorway M30 and after 24 km driving exit to city Miskolc.

## Travel by train

Please, take the Inter City (IC) train in railway station Budapest „Keleti” (East) and leave it at the station Miskolc „Tiszai”

## Travel by plane

Please, order by internet and take the **airport shuttle service door-to-door** from List Ferenc Airport, Budapest to Hotel Palota, Miskolc-Lillafüred and back on website <http://www.el-szallit.hu> and by e-mail [info@el-szallit.hu](mailto:info@el-szallit.hu)

I hope to meet you in city Miskolc, Hungary.

## Call for Abstracts

THE 2<sup>ND</sup> INTERNATIONAL CONFERENCE  
ON COMPETITIVE MATERIALS  
AND TECHNOLOGY PROCESSES

# ic-cmtp2

Hunguest Hotel Palota Lillafüred

**October 8-12, 2012**

**Miskolc-Lillafüred, HUNGARY**

<http://ic-cmtp2.eu>

Event **ic-cmtp2** is sponsored by several universities, scientific organizations and associations around the World.

### The Gold Sponsors

ENSCI, Limoges University; Otto-von-Guericke University Magdeburg; Tomsk State University; Institute of Physical Materials Science SB RAS; Scientific Society of the Silicate Industry; SZTE, Institute of Strength Physics and Materials Science; NEVZ Ceramics Ltd; National Research Council of Italy; University of São Paulo; University of Miskolc; and

### The Objectives

Previous International Conference on Competitive Materials and Technology Processes was held in Miskolc-Taploca, Hungary, organized by group of scientists from Germany, Hungary Japan, Russia and Serbia. The present international conference **ic-cmtp2** is being in one of the most beautiful regions of Central Europe, namely the Bükk mountains at the Hunguest Hotel Palota Lillafüred in **October 8 – 12, 2012**. The event biased more to academia than to industry and all papers will be peer reviewed before publication in Materials Sciences and Engineering News by the Trans Tech Publications or in other EI compendex publications and scientific journals.

The international conference **ic-cmtp2** provide a platform among leading international scientists, researchers, engineers, students and PhD students for discussing recent achievements in research and development of material structures and properties of competitive materials like nano-materials, ceramics, glasses, films and coatings, metals, alloys, biomaterials, composites, hetero-modulus and hybrid-materials, ... etc. Among the major fields of interest are materials with extreme physical, chemical, thermal, mechanical properties and dynamic strengths; including their crystalline and nano-structures, phase-transformations as well as methods of their technological processes, tests and measurements.

Multidisciplinary applications of material science and technological problems encountered in sectors like ceramics, glasses, thin films, aerospace, automotive and marine industry, electronics, energy, construction materials, chemistry, medicine, biosciences and environmental sciences are of particular interests.

### Important Dates

Abstract submission, deadline:

Notification of acceptance:

February 15, 2012

March 31, 2012

Early registration, deadline:  
Early registration fee, deadline:  
Paper submission for publication, deadline:

April 30, 2012  
May 31, 2012

## Acknowledgements

The organizers of the conference **ic-cmtp2** should like to acknowledge to every scientist and researcher who sent us proposals on SESSION or MINI-SYMPOSIA. Until November 15<sup>th</sup>, 2011 we have received more than 50 excellent session and topics proposals and from them 27 were in very detail described. Finally from these excellent ideas and proposals were chosen the following 14 as conference sessions.

## SESSIONS

- Session 1: Advanced Materials for Bio- and Medical Applications
- Session 2: Advanced Materials for Extreme Applications
- Session 3: Glasses and Related Materials
- Session 4: Hetero-Modulus and Hybrid Materials
- Session 5: Lightweight Materials with Predesigned and Controlled Nanostructures
- Session 6: Materials with Extreme Dynamic Strength
- Session 7: Membranes – Science, Technology and Application
- Session 8: Minerals for Environmental and Medical Applications
- Session 9: Novel Synthesis and Processing Technology
- Session 10: Organo-Clay Complexes
- Session 11: Phase Diagram as a Tool of Materials Science
- Session 12: Polymer-Clay Nanocomposites
- Session 13: Polymer Derived Ceramics
- Session 14: Processing and Properties of Silicate Ceramics

As organizers we hope that you will attend on **ic-cmtp2** and we are looking forward to receive your Abstract before February 15, 2012. Welcome in Hungarian city Miskolc at Lillafüred in Oct. 8-12, 2012.
